

WELCOME to historic downtown Nevada City. We hope you enjoy your visit.

If you don't know your way around, it may seem hard to find a parking place in the downtown area. Believe it or not, Nevada City has more than 1,000 parking spaces. It's just a matter of knowing where to look.

The map inside shows areas where parking can be found at nearly any time. It also identifies zones where there are parking time limits and where there are no limits. In addition, the map shows easy parking areas during Nevada City parades, celebrations and community events.

In Nevada City, parking a block or two from town still puts you closer to your destination than parking at most suburban shopping malls. And besides, a short walk is fun and healthy!
